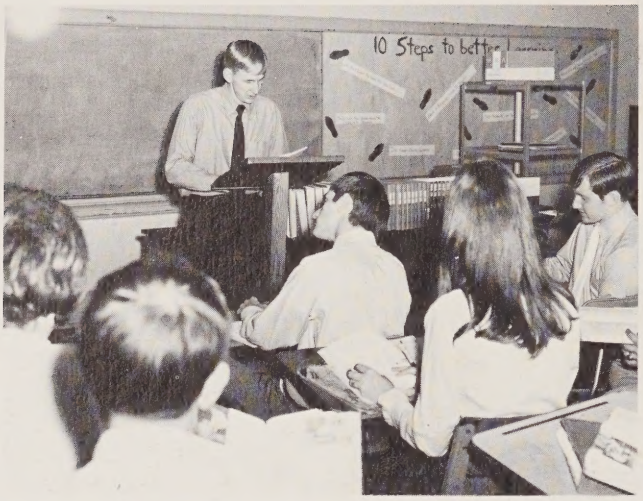
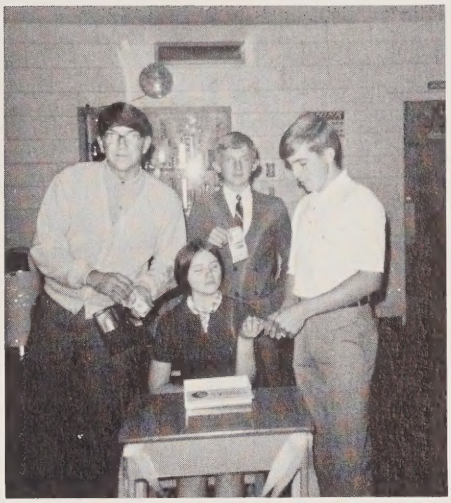
Demon's On The Move . . . .



10 Steps to better



Dedication

DEDICATION

For your untiring efforts in the interest of progress for us; for your being a most understanding and cheerful person; for the unwavering friendship of you and Norman; and just for being there when we need you, we, the annual staff of DRS, gratefully and proudly dedicate this 1969-70 edition of The Demon's Diary to you, Mrs. Don Rea Keith.

Administration

Mr. Harold Wood, Principal

Dr. Ben Brooks,
Superintendent Lee County Schools

Senior Class of 1970:

One of the earliest weapons used by man was probably a club with which damage could be done but necessarily limited. During the American Revolution, a single shot rifle was employed and faster more sophisticated plunder could be accomplished. T.V. westerns on occasion pinpoint the arrival on the scene of an automatic "Gatling Gun" which could take the lives of many in a short time.

Not to say that no good has come of armed conflict because all the history of man with which I am familiar usually includes accounts of victories in battle, freedom won and disasters averted through heroic acts and deeds under fire.

I read that there exisits today in the world the poised capability to destroy all the living things on this earth. The question is, will it ever be unleased? We all hope not, but nobody knows.

What sustains people, especially young people with their futures ahead of them with such a possibility in existence? To despair is not the answer, to indulge in some kind of escapism is not the answer, to bury one's head in the sand is not the answer.

An alert, informed, active citizenry is part of the answer but the final answer probably lies not with man but with God. It would seem logical that our attention be directed more in that direction.

Vires Acquirit Eundo

With the assistance, cooperation, and support of students, school personnel, parents and citizens of Deep River School we have experienced another successful school year. Good luck to all departing demons!

Elementary. Elementary. Elementary. Elementary. Elementary

Elementary Dedication

The preparation for a journey is one of its most essential phases. When we were preparing for this most important trip through life, this person was there with her patience and understanding, always ready and willing to help little ones in any way. As life continues we still realize how much you, Mrs. Booker, have and still are influencing us.

We, as your former students, give you our deepest gratitude.

Without the support of the merchants of the community, the publication of this annual would not have been possible. It is they who enabled us to purchase the DEMON'S DIARY at such an inexpensive price.

We hope that the students and friends of Deep River School will continue to give their support to our advertisers.

Prophecy

This year nineteen hundred and eighty. Three of us had a meeting to set up the class reunion. We found out a lot about our classmates; they really have changed since we graduated in the '70's.

We find that Jimmy Wicker is now King of the United States and has conquered our major problems.

As we take a look at our men and women in the business world, we see that Shirley Garner is a private secretary for a large firm and happily married. Jill Hart is an executive secretary for a large firm and happily married to a stock car racer. Joy Smith is married to Tommy and works at Pivot-Point International as a hair dresser. The last of our business women is Patty Sineath. She is now manager of a Winn Dixie Store and the mother of two children. One of our prominent business managers is Russell Thomas who is a manager at Penny's. We find Ezzard Quick hard working at Carolina Bank as a manager. Earl Beal is now a business manager of a chain of stores throughout the United States. James Jackson is working in the business field as an employee of a large company. Randy Bridges has accepted a partnership with Jerry Campbell owning a chain of clothing stores all across the United States. Danny Wilder is a foreman at Saco Lowell's and is happily married to Debbie Nunnery. They have one little girl. They own a home in Deep River Community with a large horse ranch. Todd Johnson is working side by side with his father in the Insurance Business. Micheal Reaves is working in a office in Durham. Roger Thomas now owns his father's business and is putting lightning protection on every new building in this state and along the coast.

Three of our classmates were very successful in their medical careers. Debbie Culberson is a pediatric nurse at Baptist Hospital in Winston-Salem. She is celebrating her seventh wedding anniversary next week and her two children are now age six and two. Two of our classmates became medical secretaries. Gail Barber is working at Duke Hospital and is having a ball as a bacherlorette. Patricia Lyons has a set of twin boys: Ronald and Donald Lyons. She holds a secretarial position at Memorial Hospital in Chapel Hill.

Working at professional sports careers, we find Brent Smith is a professional baseball player. Julian French is now married and has 4 boys. He is playing pro basketball for the Philadelphia '76's.

The Armed forces has become the career of several of our classmates. Flying high, William Judd is now married, father of one and is a sergeant in the United States Air Force living at Fort Bragg. James Perry is in the U.S. Marine Corps. He is married and has 2 Children. John Lyczkowski, a Special Forces Major is about to get out of service and enter data processing.

Precilla Petty is a fashion model in New York. Also in this career is Nancy Harris who is modeling in Paris.

The Norton brothers, Jimmy and Danny are mechanics, and own their own shop.

Ann Moore is now married and a housewife with a cute little girl. As the mother of three children, Janet Clark finds most of her time is taken in being a housewife and mother Sandy Bridges now has two children ages 11 and 5 and has moved in a new home. Shirley Causey has a part time nursery and is also the mother of 2 children.

Jeff White is married and living in Washington as Commissioner of Forestry.

Ronnie McKoy is the proud father of twins and is employed at one of the men's stores in Sanford. Jerry Nunnery is an employee of Saco Lowell. He is married and has 2 children.

We hear that Carolyn Matthews is married and working in a beauty shop. Joyce Trapp is engaged as a seamstress in her home. She is famous the world over. Harold Holt is an employee at Sanford Brick & Tile.

Oh my! We've been so busy talking about our classmates, we forgot about the reunion.

Eddie Causey is a well-to-do lawyer in Sanford and it took several months to get an appointment with him. Debra Fogleman is a private secretary for her husband and they have one little girl. JoAnn Thomas is an executive secretary for an Insurance Co. in Sanford. She is now married to Dewitt and they have two adorable children.

And what did we accomplish? Nothing, nothing at all! But we had such a good time remembering we'll have to meet again to plan the reunion. With all the interesting things that have happened we must meet to exchange more news.

Editor's Message

A Message From The Editors:

We, the editors of your year book, take great pride in presenting the 1970 DEMON'S DIARY to you.

Our work over the past year has been a source of frustration, anger, and weariness of mind and body, but it has also been a force for unity among all of the staff. And, now the end result of our labors makes it all seem worthwhile.

We only hope that you, our schoolmates, receive as much pleasure from 1970 DEMON'S DIARY as we receive satisfaction in presenting it to you.
